What is Emacs?

Text Editor

- Word

- Google docs

- Visual Studio Code

- Notepad

Text

```
;; this is the emacs programming language
(message "Hello, world!")

<!-- this is what the web is made of -->
<p> Here is some HTML! </p>

#Markdown!
```

What We Will Learn

- What it can do

- History

- Philosophy

What it can do

Edit Code

```
while True:
    print("It's an infinite loop!")

def recursion():
```

```
    print("Is this recursion?")
    return recursion()
```

Website

Games

- Tetris

- Snake

Phsycologist

- Why do we exist?

- What do you think?

- Love?

- Can you elaborate on that?

- Human relationships.

- Why do you say human relationships?

- It gives live meaning.

- Is it because of your plans that you say it gives live meaning?

History

- Originally created in 1976.

GNU EMACS

- First released in 1985 by Richard Stallman

- Free and open source

- Lisp
